

## EVIDENCE BASED AMPUTEE CARE WORKSHOP

**The workshop is an interactive course designed to educate physical therapists on how to employ selected functional outcomes measures to enhance amputee rehabilitation and maximize prosthetic performance.**

The workshop includes a course workbook, PowerPoint presentation, demonstrations by actual users, hands-on laboratory with actual users and supervised instruction. In addition, there will be time for open discussion, questions and answers during each section. During all lab sessions, instructors will circulate to provide interactive instruction and observation of the participants' treatment skills. At the conclusion of the workshop, there will be a 45-minute open discussion to review the course material and answer any remaining questions.

**July 21, 2017**

8:00am – 4:00pm

**Harry J. Lawall & Son, Inc.**

8031 Frankford Ave.

Philadelphia, PA 19136-2616

**RSVP by July 14, 2017**

### ABOUT INSTRUCTOR ROBERT S. GAILEY, PHD, PT

Bob is a professor at the University of Miami Miller School of Medicine, Department of Physical Therapy. He has a joint appointment as a Health Science Researcher with Miami Veterans Affairs Medical Center and is also both the Director of the Functional Outcomes Research & Evaluation Center and a Special Advisor to the U.S. Department of Defense for amputee rehabilitation. His doctorate in prosthetics and orthotics was received from the University of Strathclyde in Glasgow, Scotland, where he developed the Amputee Mobility Predictor, an objective measure of amputee function. More recently, he developed the Comprehensive High-Activity Mobility Predictor. He has authored over 50 publications and has continued research efforts related to amputee rehabilitation, the biomechanics and metabolic cost of prosthetic gait, functional assessment and the athletic pursuits of challenged athletes across their life spans. He received ISPO's 1995 Forcheimer Prize for Research, the Amputee Coalition of America's 2003 Dr. Ernest Burgess Award and the American Physical Therapy's 2009 Henry O. Florence & P. Kendall Practice Award.

## AGENDA

7:30 – 8:00	Registration
8:00 – 8:15	Welcome and Introductions
8:15 – 9:15	Comparative Effectiveness Research and Healthcare Reform and Policies for Prosthetists and Physical Therapists
9:15 – 10:00	Evidence-based Amputee Gait: How the Evidence Can Improve Movement
10:00 – 10:15	Break
10:15 – 11:00	Evidence-based Amputee Gait: How the Evidence Can Improve Movement
11:00 – 12:00	Clinical Value of Prosthetic Solutions
12:00 – 1:00	Lunch
1:00 – 2:30	Evidence-Based Amputee Rehabilitation (EBAR): Using Outcome Measures for Prosthetic Prescription and Treatment
2:30 – 2:45	Break
2:45 – 4:00	Gait Training to Maximize Prosthetic Potential
4:00	Adjourn
